

# DUPONT CONVENIENT-SIZED FLASHING ROLLS

## DuPont™ FlexWrap™ NF 9" wide x 15' long

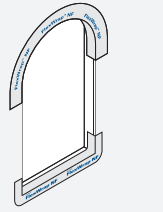

A flexible, extendable self-adhesive flashing tape that can be wrapped into the sill rough opening before the window or door is installed to create seamless one-step protection against water and air. DuPont™ FlexWrap™ NF is also available in 6" x 75' and 9" x 75' rolls.

**DuPont™ Flashing Systems offer superior protection from water damage, provide excellent butyl-based adhesion and are now available in convenient, shorter roll lengths for single use or smaller job application.**

These shorter roll sizes – available in DuPont™ Flashing Tape, DuPont™ FlexWrap™ NF and DuPont™ StraightFlash™ VF – provide the necessary amount of flashing for most common window and door installations and reduces the amount of excess material left over from a project. Like our full line of DuPont™ Flashing System products, these products work together with the complete line of DuPont™ Tyvek® weather resistive barriers to allow for superior building envelope protection and meet AAMA 711-13.

- Convenient for flashing the following:**
- Window and door sills - enough for two 6' wide window sills
  - Arched Windows
  - Exterior Wall Penetrations

## DuPont™ Flashing Tape 4" wide x 33' long

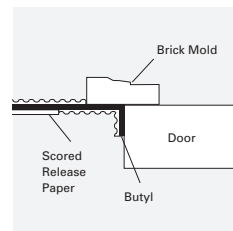

Cost-effective, self-adhering flashing tape that provides a durable seal around windows, doors and other building envelope penetrations. The roll contains enough to flash\* a standard flanged door up to 6' 8" high x 5' wide or a flanged window up to 6' high x 7' wide. DuPont™ Flashing Tape is also available in 75' roll lengths and various widths.

## DuPont™ StraightFlash™ VF 6" wide x 25' long

A unique, dual-sided butyl adhesive and specially scored release papers provide a reliable moisture seal for integrating brick-mold, non-integral flanged and non-flanged doors and windows. This package is designed to flash\* doors up to 6' 8" tall x 5' 8" wide, tall doors 8' tall x 4' 4" wide, and windows up to 6' high x 7' wide. DuPont™ StraightFlash™ VF is also available in 6" x 125' rolls.

\*excluding the flashing of the sill

## DUPONT™ FLASHING SYSTEMS

### THE DUPONT™ BUILDING KNOWLEDGE CENTER

All DuPont building envelope systems products offer industry-leading building science and unrivaled industry support provided by the DuPont™ Building Knowledge Center, your source for the DuPont product information and technical support that can help you build quality, durable and energy-efficient structures.

### DUPONT™ TYVEK® SPECIALIST NETWORK

A national group of highly trained field representatives is available to assist with your installations. From the latest updates on building codes, to keeping up with current trends and challenges, your local DuPont™ Tyvek® Specialist can provide on-site guidance and training to help you make sure the job gets done right.

### DUPONT™ TYVEK® CERTIFIED INSTALLERS

The DuPont™ Tyvek® Certified Installer Network is one more way to put the building science expertise of DuPont right at your fingertips. Your DuPont™ Tyvek® Certified Installer provides trained installation services for DuPont Weatherization Products to help seal the building envelope. To locate a certified installer in your area, please visit [www.weatherization.tyvek.com](http://www.weatherization.tyvek.com).

### LIMITED WARRANTY

DuPont™ Flashing Tape is backed by a limited warranty. For more information, please visit [www.weatherization.tyvek.com](http://www.weatherization.tyvek.com) or call 1-800-44-Tyvek.

### COMPLETE SYSTEM OF PRODUCTS

For optimal protection on all your building projects, use DuPont™ Flashing Tape with the complete line of DuPont building envelope systems products, including:

#### Building Wraps:

- DuPont™ Tyvek® HomeWrap®
- DuPont™ Tyvek® StuccoWrap®
- DuPont™ Tyvek® DrainWrap™
- DuPont™ Tyvek® ThermaWrap® R5.0
- DuPont™ Tyvek® ThermaWrap® LE

#### Flashing Systems:

- DuPont™ FlexWrap™ NF
- DuPont™ StraightFlash™
- DuPont™ StraightFlash™ VF
- DuPont™ Flashing Tape

#### Accessories:

- DuPont™ Tyvek® Tape
- DuPont™ Residential Sealant
- DuPont™ Tyvek® Wrap Caps
- DuPont™ Adhesive/Primer
- DuPont™ Window & Door Foam
- DuPont™ RainVent™ Battens

#### Roofing Underlayments:

- DuPont™ Tyvek® Protec™ 120
- DuPont™ Tyvek® Protec™ 160
- DuPont™ Tyvek® Protec™ 200
