Durable
Topcoat

Professional
Application

- 1 It starts with the realistic wood grains of a Thermo-Tru door, composite door frame or door surround.
- 2 A base coat provides an even, consistent color across the surface.
- 3 A wiping stain enhances the base coat while adding dimension to reflect the natural beauty of wood.
- 4 A durable topcoat enhances the high-definition color while protecting against scratches and color fading.
- 5 A second application of the topcoat provides added durability and optimal sheen for a high-end look.

Colors may vary from the actual application due to fluctuations in the printing process of this flyer. This flyer may not be used as a color matching tool. For true colors see actual samples.

NOTE: • 10 Year Finish Warranty for Composite Frames
• 1 Year Finish Warranty for Wood Frames and Components
