COMPLETE THE LOOK

In the Builders Choice collection, you'll find a wide variety of high-quality door options with artistic details. A variety of paneling and sticking profiles have been selected to complement the individual style of your home.

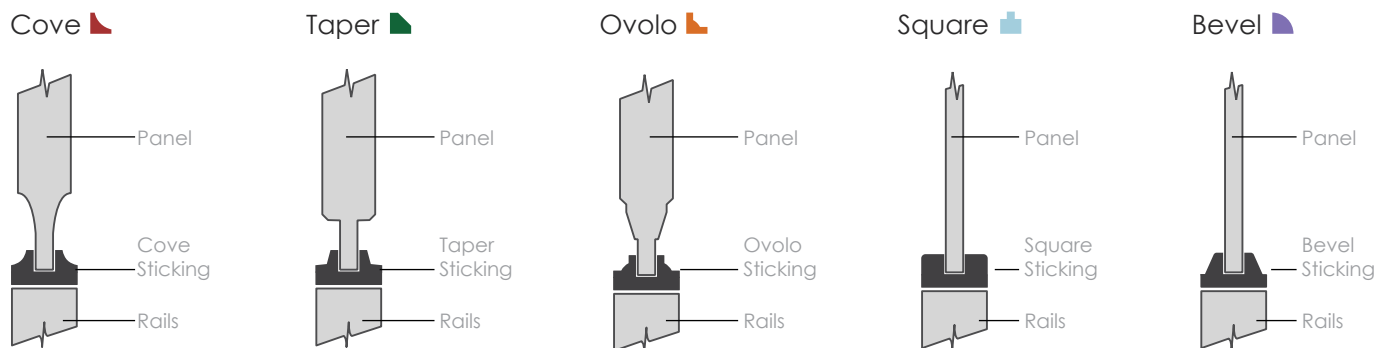

Although there are no set design standards, coordinating your interior and exterior door looks provides continuity of style throughout your home. Flat panel and square lines usually pair better with craftsman and contemporary homes; while raised panel and ornamental details usually pair well with more traditional styles.
