### **OrePac Building Products Announces Partnership With Rogue Valley Door**

*Wilsonville, Oregon - January 2, 2019* - OrePac Building Products, wholesale distributor of specialty interior and exterior building materials, has formally entered into a distribution partnership with Rogue Valley Door.

Located in Grants Pass, Oregon, Rogue Valley Door has been handcrafting premium entryways since 1985. Equipped with a 350,000 square foot manufacturing facility, Rogue Valley Door uses the latest milling technology and some of the world's finest lumber to produce high-quality doors for homes throughout the United States.

OrePac is excited to partner with Rogue Valley Door to bring exceptional, handcrafted products to our Northwest and Mountain markets.

#### **About OrePac Building Products**

OrePac Building Products is a family-owned and operated business, founded by the Hart family in 1976. Through strong leadership and a commitment to success, the company has grown into one of the premier distributors in the building industry.
